

MOHAMMAD AL-NEGHIISHI

GRADUATED COMPUTER SCIENCE

✉ muhammed.ibng@gmail.com ☎ +966-53-933-7927 📍 Riyadh, Saudi Arabia 🌐 Mohammad Alneghimshi

PROFESSIONAL SUMMARY

Highly motivated Computer Science Graduated from Qassim University with hands-on experience in Full-stack development using OutSystems and AI-driven solutions. Proven track record in developing impactful projects, including an AI assistant for the visually impaired and a Case Management System. Skilled in Python and Machine Learning, with strong leadership and organizational abilities from leading media departments in tech programs. Committed to leveraging data-driven insights and AI to solve real-world challenges.

WORK EXPERIENCE

Full-stack Developer Trainee | Ejada Systems

2025

- **OutSystems Platform:** Developed and delivered high-performance web applications using the OutSystems Low-Code platform.
- **Database Design:** Designed and integrated relational databases to ensure data integrity and seamless user experience.
- **UI/UX Implementation:** Leveraged OutSystems' visual development environment to create responsive and user-friendly interfaces.

HEAD OF THE MEDIA AND ORGANIZATION DEPARTMENT | TECHMINDS

2024

- **Leadership:** Led the media team in executing digital content strategies and tech-focused events.
- **Event Management:** Coordinated logistics and activities for various program initiatives, ensuring seamless delivery.
- **Content Management:** Managed the program's media presence and cross-departmental communications.

ACADEMIC HISTORY

Bachelor of Computer Science | Graduation: 2026/6, QASSIM UNIVERSITY

2021 – 06/2026

- ABET-accredited program, ensuring the highest international standards in computer science education.
- GPA: 4.75 / 5

PROJECTS

SENIOR PROJECT: AI-based Blind Assistant | Python & Computer Vision

- Developed an intelligent assistance system to enhance the autonomy of visually impaired users through real-time Object Detection and OCR.
- Implemented Deep Learning models to identify everyday objects and convert printed text into speech.
- Optimized the system for low-latency performance to ensure reliable real-time feedback.

Case Management System

Built a comprehensive case management system, streamlining workflow automation and task tracking.

Family Web Platform (Al-Nughimshi Family)

- Developed a full-stack platform using Django, featuring a secure WhatsApp-based OTP authentication system.
- Integrated GoJS to build an interactive and searchable family tree for managing complex relational data.
- Built a custom administrative dashboard to manage family news, events, and family tree records.

CERTIFICATIONS

- HCIA-AI (Huawei Certified ICT Associate Artificial Intelligence)
- Introduction to Data Analytics From IBM
- Security Principles-ISC2

SKILLS

Technical Skills:

- **Programming & Data Science:** Python (Pandas, NumPy, Matplotlib), Machine Learning, OCR, Object Detection.
- **Low-Code Development:** OutSystems (Full-stack Development), Service Studio.
- **Design & Tools:** UI/UX Design (Figma), Database Design, Git/GitHub.
- **Analysis:** Statistical Data Analysis, Data Visualization.

Soft Skills:

- **Leadership & Team Management.**
- **Project Management.**
- **Complex Problem Solving.**
- **Effective Communication.**
- **Time Management.**
